Nationally recognized photojournalist, celebrity portraitist, wedding and fashion photographer, I specialize in documentary style black & white and color photographs. Having started my photography business photographing babies and children when I was in the eighth grade, it gives me great pleasure to come full circle and return where it all started! And now I have a baby too! We also have 3 external hard drives (and counting) because Hutch is SO much fun to photograph!!

Enjoy!

## Session Is

- Flat fee of \$500 for any or all of your family!
- Unlimited amount of fun spontaneous shots taken for up to 1 1/2 hours in my comfortable, sun drenched Tribeca loft. The light is so amazing here, that I am always able to use Natural Light – just like you see on my site!

Reasons why I prefer to use Natural light and NOT flash:

It's hard to be spontaneous with a flash going off all the time – it's just had to “time” being natural. (I learned from experience!)

Natural Light looks soo beautiful, fresh, classic, and NATURAL!!

Annnnd, it's also best for the your baby's precious little newborn eyes!

## You Receive

- High Resolution CD of entire shoot – like having your own set of the “negatives” forever. From this CD you can email, photoshop (retouch or change Color images into Black and White, crop...), and make small and large enlargements. I can give you my list of my favorite professional labs if you'd like. (Lots of folks are now printing on professional Metallic Paper these days too! It looks GREAT! I can show you a sample here.)
- Password protected Website of your entire Photo session so you can view you session “on the road” if you find you don't have your CD with you. Also on your site, you can easily change any image from Color to Black and White. You can organize your images into a Favorites Folder and then email those, or you can email the link to the entire session!

## Payment Policy

A Deposit of \$150 is required to confirm your appointment. Please make check out to Jinsey Dauk Photography and mail to Jinsey Dauk, 50 Murray St #2109, New York , NY, 10007. If you have to postpone, you must contact me by 10 a.m. one biz day before your shoot day.
